Version 24.03 Build 2.   3/25/2024

- ALL: When doing the Reports | Update New Reports feature, besides copying any new reports to the Custom folder, the feature will now remove any old reports starting with "Orion" that are no longer applicable to any existing MUMS users.

- ATU: Fix the Password security on change of Monthend reporting period. Now if you must change the reporting period you have to use the Change button and enter a password.

**Version 24.02 Build 1.   2/15/2024 Changes for ATU Locals Only**

NOTE: *There are two major reasons that coversheet counts might not be correct: One is changing status codes with the wrong status date and the other is failure to properly close the month. Both of these issues are addressed in this set of ATU enhancements.*

- ATU: New Validation on Status Changes to prevent future Monthend coversheet count errors.
    - Status Changes cannot be dated prior to Current Reporting Period.
    - Only Status Codes of 06,11-16,83 & 85 are allowed to have Status Dates > Current Reporting Period.

- ATU: On Status Change to Restatements, the Enrollment Date can be adjusted. Please note that if you change the Enrollment Date you must notify ATU HQ.

- ATU: Monthend Step 1: New Feature to adjust/repair beginning balances to fix prior count issues. Use of the new "Adj Beg Balance Button" will fix previous count issues and report the adjustments made.
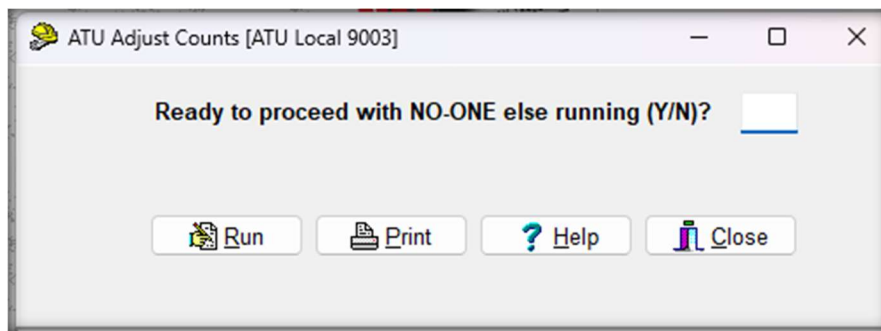

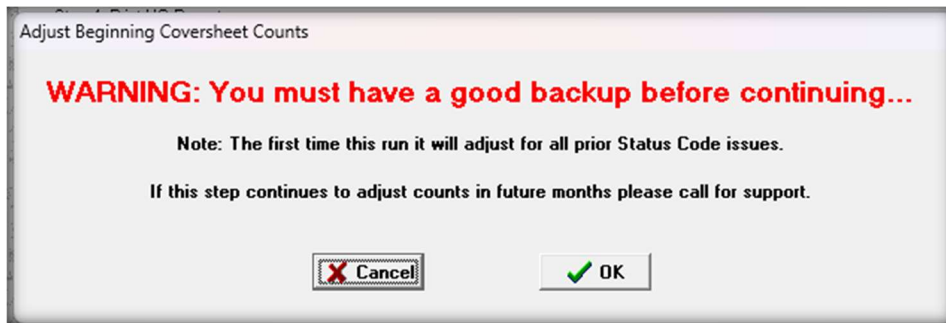

You need to enter a "Y" and click on Run to run this function. The Print button can be used at any time to print out the adjustments made by this feature.
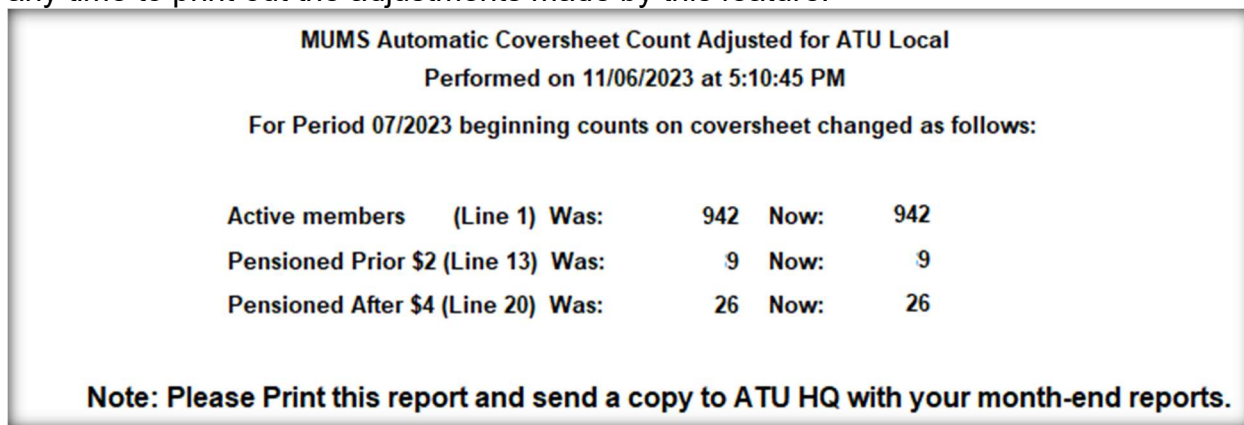

A report will be displayed of the corrections made. It is anticipated that some changes will be made the 1st time you use this and no adjustments are expected in future monthends.

Note: When this feature changes a member's Status Code, a note will be created in the "Notes" folder to document the change of Status Code.

- ATU: Monthend Step 1: A password must be requested from support to change the Reporting Period so that a discussion can take place as to the reason to change the period.

- ATU: Monthend Step 2: Members with Status Codes of 11-16, 83 & 85 with Status Codes > current reporting period will be skipped and saved for proper month.

- ATU: Monthend Step 4: Blue sheet corrected to output Date of Death correctly based on status.
